## FEATURES AND BENEFITS

**Super stain protection** – Improves the look of the pavement

**Improves cleaning results** – Reduces time and cost of stain removal

**Easy Application** – Offers ongoing maintenance solution

**Environmentally Safe** – Solvent free

---

BP Pro StainBlocker is designed specifically for use on block paving to provide an invisible stain resistant barrier. It is a water-based single component polymer that penetrates to give you an invisible natural finish. StainBlocker is a green product that is solvent free and environmentally friendly. It is VOC, EPA, OSHA and FDA compliant. It is non-hazardous and non-toxic and has the consistency of water and a milky white appearance and a slight odor when in it's liquid state and dries to an invisible finish. It can be used indoors and outdoors on new and existing projects because it is safe and UV stable. StainBlocker can be applied immediately because it is breathable and it has outstanding coverage. The product is easy to install and offers excellent stain protection and reduces the formation of efflorescence. Cured StainBlocker is heat and freeze resistant.
